

What is the breakdown of your bail or fine?

Penalties and Assessments

What is a Penalty Assessment?

It is an amount added to base bail and base fines on infraction, misdemeanor and felony offenses. The current penalty assessment (June 27, 2012), is \$27 for each \$10 or portion of \$10 fine or bail as set by the California State Legislature. The \$27 Penalty Assessment is charged pursuant to Penal Code section 1464 and Government Code sections 76000, 70372, 76104.6, 76104.7 and 76000.5.

In addition to the penalty assessment, a \$40 court operations assessment is added for each infraction, misdemeanor or felony violation resulting in a conviction pursuant to PC 1465.8. Effective Jan. 1, 2009, an assessment in the amount of \$30 for each misdemeanor or felony and \$35 for each infraction is added for each conviction (GC 70373). There is also a 20% State Surcharge, effective since September 20, 2002, imposed on the base bail or base fine amount. This 20% may not be used to calculate the Penalty Assessment per each \$10 of fine or bail. These penalties are also included in the calculation for traffic school.
