Subject: City Response to the Solano County Grand Jury 2019-2020 Report, "Registry of Public Agencies Filing Process"

Dear Mr. Riddle,

Please accept this letter as the City's response to the Grand Jury's Report on this subject.

FINDING 1 – Agencies' completion and filing of the Statement of Facts Roster of Public Agencies Form in Solano County, in many instances, are inconsistent, incomplete, inaccurate and out-of-compliance with Government Code section 53051. Review of 111 of the most current Forms (regardless of age) on file with the County revealed the following:

- a) Seventy-two agencies had a single Form on file, many dating back three decades. This represented 65% of the sampled Forms.
- b) Sixty-eight agencies' Forms were aged nine years or more, representing 61% of the sampled Forms.
- c) Thirteen Forms (12%) listed a P.O. Box as the official mailing address despite filing instructions indicating that a street address must be given. Update NOTE: 12/2019 updated instructions now state that a P.O. Box is acceptable.
- d) The actual legal name of the entity was inconsistent in nine instances (8%).
- e) Thirty-eight Forms (34%) did not meet the regulatory reporting timeframe.
- f) Accuracy of board membership could not be independently verified on seventy-one Forms (64%).

- g) The current status of the agency could not be validated in forty-eight instances (43%).

RECOMMENDATION 1 – Approving legislative bodies in Solano County should provide guidance and training to ensure the accurate completion and filing of the required Forms. Consideration can be given to the following points:

- a) Suggest that governing bodies of public agencies begin to immediately use the Registry of Public Agencies Form (SF-405) available on the Secretary of State's website (See Appendix A).

Process Improvement – County Clerk's Office devise and implement a process for agencies to complete and save the SF-405 Form and send it to a specified County email address for filing. Encourage the County Clerk's office to work with the Secretary of State Special Filing Unit to establish a mechanism to electronically transmit the Forms to the State. This process will have minimal impact on the County Clerk's Office and would ensure that County and State records are consistent.

- b) Upon commencement of the agency's legal existence the approving legislative body direct the newly formed agency's clerk and/or secretary to complete the initial filing within the 70-day requirement.
- c) Ensure the training provided by the approving legislative body directs the newly formed agencies to file subsequent updates within the required 10-day timeframe.

City Response:

City Concurrs with the finding and recommendation. As it concerns the City the City Clerk will calendar for an annual review and update of the Registry utilizing the SF 405 document.

FINDING 2 – Comparative analysis of the most current Forms on file with the State to those on file with the County revealed 92 exceptions representing instances in which:

- a) The County Form does not match the State Form.
b) The Form is on file with the County but not with the State.
c) There is no Form on file with the County but there is one on file with the State.

RECOMMENDATION 2a – Agency governing bodies ensure accurate and timely compliance by simultaneously filing updated forms to the County and State.

RECOMMENDATION 2b – If the agency submits its information electronically or by mail, a copy of the submission should be retained as a business record to prove compliance.

City Response:

City Concurs with the finding and recommendation but notes this is more of County recommendation, not for the City.

FINDING 3 – There is no comprehensive list of public agencies operating in Solano County that is accessible to residents.

RECOMMENDATION 3a –The County Board of Supervisors, Clerk of the Board, County Administrative Office, and local City Councils collaborate to compile an accurate listing of public agencies, boards, commissions and committees within Solano County using the existing Online Local Appointment Database maintained by the County.

RECOMMENDATION 3b – The County Board of Supervisors, Clerk of the Board, County Administrative Office, and local City Councils review Appendix B and initiate steps to encourage agencies to make the appropriate corrections by filing missing Forms, filing updates, and reporting dissolved entities.

City Response:

City Concurs with the finding and recommendation but notes the City annually provides this data to all interested parties. The City will forward a copy of public agencies to the County for dissemination.

FINDING 4 – There is currently no requirement for an agency to maintain a website, making it difficult to access current information online. However, since 2013 there has been a movement in the State to make information available and searchable online.

RECOMMENDATION 4 – Individual Solano County Agencies improve their transparency by establishing a website and keeping it current to benefit both agencies and citizens of the County.

City Response:

City Concurs with the finding and recommendation but notes the City has had and maintains a website that provides information; however, the City will should review its website to ensure all information is current and estimates such review should be accomplished by November 4, 2020.
