Grand Jury response re: Lawyer in the Library

The Honorable E. Bradley Nelson
600 Union Avenue
Fairfield, CA 94533

I am the new Director of the Dixon Public Library. I think that the Lawyer in the Library is a great sounding program and would like to see it implemented here. I believe it would be a good service to our community. However, I do think that the concerns mentioned are real. We do not have a private meeting room of any kind. If the meeting can take place quietly I have no problem with that arrangement. I also think that due to our substantial Hispanic population that Spanish-speaking lawyers should be available in order to serve the entire community. I don't think that we are alone in that regard, so I assume that that has already been taken into consideration. With those caveats, I would wholeheartedly support having the Lawyer in the Library program instituted at the Dixon Public Library.

Sincerely,

Steve Arozena
Library Director
Dixon Public Library
