Fairfield, California 94533

RE: Letter Dated June 25, 2021

To Whom It May Concern:

I am writing in response to the letter received from Carl W. DuBois, Foreperson of the 2020-2021 Grand Jury requesting the following information.

I am in receipt of the Illegal Dumping: Is There A Solution? Report listing two findings and recommendations related to Solano County.

Finding 1 –Some residents of the county are not aware of the full range of services provided by their local waste disposal service provider.

Response: The City is in the process of revamping our website. Currently the City contracts with Mount Diablo Resource and Recovery for our solid waste services. Their website contains all the necessary information. We will make sure our website has the proper links to direct residents to the available resources once updated.

Finding 2 – The cities within Solano County each have varying strategies that are not currently being shared. Sharing best practices among jurisdictions is itself a best practice.

Response: The City does not have an illegal dumping problem. I am in contact with other agencies in Solano County when necessary and on a regular basis. Additionally, the City Manager and City Attorney meet with their counterparts on a regular basis. The City of Rio Vista Police Department is under contract with the Solano County Sheriff. They are in continuous contact with each other. The Public Works Department works with the Police Department daily on other items and if illegal dumping becomes an issue for us, we will address it promptly.

If you have any further questions, or would like additional clarification, please let me know.

Sincerely,

Robin Borre  
Director of Public Works
